

LIRI Bot

Command-Line Interface App Using AJAX, APIs, and NODE.JS

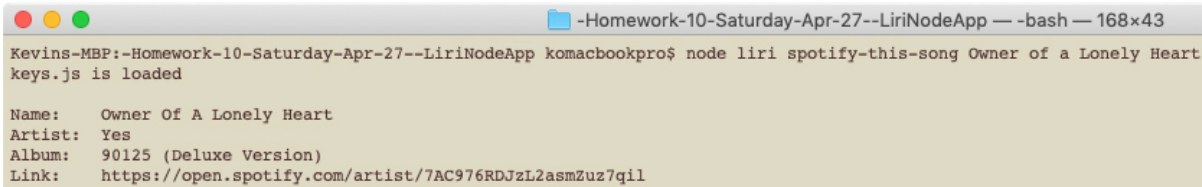

LIRI is an app that you run from the Terminal-BASH command line. LIRI uses AJAX search of web APIs to display three different kinds of entertainment information:

- Movies – By title, searching the OMDb API
- Songs – By title, searching the Spotify API
- Bands – By band/artist name, searching the Bandsintown API

BASH Input – Songs

To search for a song on Spotify, run the app and enter a string like this:

```
$ node liri.js spotify-this-song
```

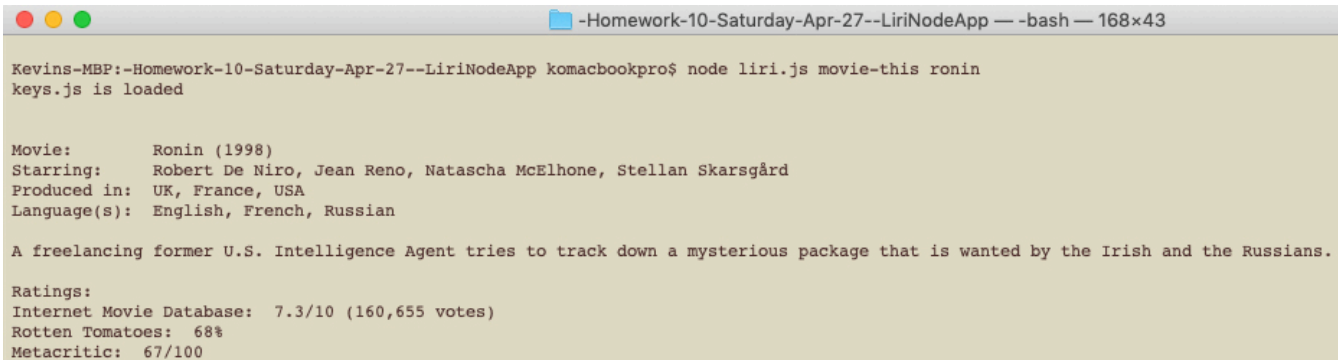

```
-Homework-10-Saturday-Apr-27--LiriNodeApp --bash -- 168x43
Kevins-MBP:~Homework-10-Saturday-Apr-27--LiriNodeApp komacbookpro$ node liri spotify-this-song Owner of a Lonely Heart
keys.js is loaded

BASH Input – Movies

To search for a movie title in the Online Movie Database, run the app and enter a string like this:

```
$ node liri.js movie-this ronin
```

```
-Homework-10-Saturday-Apr-27--LiriNodeApp --bash -- 168x43
Kevins-MBP:~Homework-10-Saturday-Apr-27--LiriNodeApp komacbookpro$ node liri.js movie-this ronin
keys.js is loaded

Movie:      Ronin (1998)
Starring:   Robert De Niro, Jean Reno, Natascha McElhone, Stellan Skarsgård
Produced in: UK, France, USA
Language(s): English, French, Russian

A freelancing former U.S. Intelligence Agent tries to track down a mysterious package that is wanted by the Irish and the Russians.

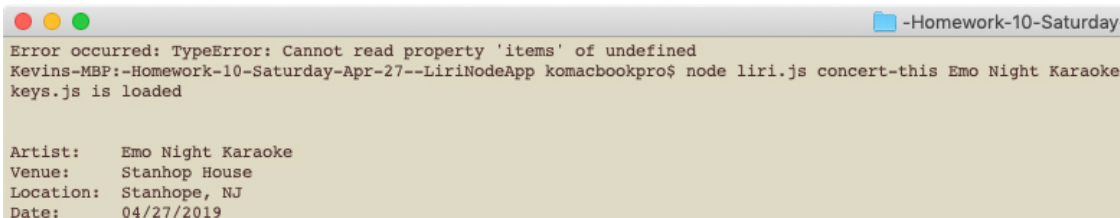

Ratings:
Internet Movie Database: 7.3/10 (160,655 votes)
Rotten Tomatoes: 68%
Metacritic: 67/100
```

LIRI displays a few lines of information about the movie. If no title is entered, the information for the film “Mr. Nobody” is displayed.

BASH Input – Bands

To search “Bandsintown” for entertainment, run the app and enter a string like this:

```
$ node liri.js concert-this Emo Night Karaoke
